

## Topic : 8 Best Windows 10 Apps to Use in 2021

As we all know when it comes to apps selection, Google Play Store or Apple's App Store has been the dominating one as compared to that of Microsoft Store for Windows 10 devices. Though it provides all the basic features stretching from plain personalization apps to everything that one needs for better productivity, many folks are looking for ways to further improve the experience. Windows 10 easily allow users to install apps that run on all devices including Phones, Tabs, Laptops and PC's. One of the highlights of Windows 10 is that the apps in the store are lightweight, touch-friendly, can run either full-screen or windowed and the updates are automatically handled. But as it often said, everything comes with a price, it too has a drawback that is finding the apps could really be hardwork.

Here, we are listing down 8 best Window's 10 Apps that can be used in 2021 to ensure you to pick up an app easily if ever needed. The list is given below :-

- 1). VLC media player : With it's wide variety of features, VLC is one of the best Windows 10 apps making it easy to watch any videos. It is an open source multimedia player which can decode different video files from MPEG to MKV files and everything that comes in between. Another major feature is it is free and can support CDs and DVDs.
- 2). Zoom : With the breakdown of Covid-19 and the ongoing pandemic, Zoom has been a saviour in the field of Education, Business and keeping in touch with the family. Some features of it also include screen sharing, meeting recording, automatic transcription and a virtual background is an add on customization.
- 3). Dropbox : Allowing to store files in the Cloud for accessing it later through any device in case any important documents or photos and files are lost and needs to recovered, Dropbox can be said as another best app that can be used is also free of cost. With the basic subscription which is also free, one can create, edit and share Microsoft Office Documents and also chat with the other users.
- 4). Duolingo : Being one of the best Windows 10 highest rated educational app, Duolingo provides flexibility to learn a new language from the comfort of our home. It picks up all the courses from the most basic level to provide an easy learning session for the users. It supports a large number of languages including French, German, Spanish, etc.
- 5). Adobe Photoshop Express : With the growing world mainly focused on social media contents specially Pictures and memes, Editing has become an intregal part of the entire process. The Adobe Photoshop Express comparatively to other editing apps makes it the process of editing easy with simple user interface and is great for the beginners.
- 6). Spotify Music : Without Music, Life is numb and meaningless. The Spotify app is one such app providing the music lover an escape from the worldly hurdles. It is also available on Windows store including all the attributes, making it a must have for all the music and podcast lovers. The app is simple to use with a clean user interface and synchronises all the data across all platforms without having you to miss any beat while switching from desktop to mobile device.
- 7). Google Chrome : Chrome is the biggest advantage that our generation has been gifted with. It is the most popular web browser for Windows 10 and the reason is it's simplicity, in-built interface, and being the fastest browser with innumerable features of protecting our privacy online. Synchronization of all the datas in chrome is easy with just a sign in to the chrome through phone, desktop or tablet.
- 8). LibreOffice : A great alternative option when you are not in mood to use the Microsoft Office is the LibraOffice app.

It comes with a strong word processor having all the exact features like the Microsoft Word and at the same is free and comes with alternatives to Excel, PowerPoint and more. It has a wide range of features including Writer for word processing, Impress for making spreadsheets, Math for creating and editing mathematical formulas and many more.

With these, there comes innumerable number of other best Windows 10 apps to be used according to the needs of the user but rounding up to a smaller scale, the above 8 listed tends to be the basic and best ones among which you might find something that suits and serves to your interest. Do let us know your opinion if we have missed out any important app, its features or if it is useful to you. This will help us grow, have a mutual understanding of your needs and opinions and make our work more qualitative and better. We are open to all your views and criticisms and ready to work on all our weak areas. Do leave a review, we will love to hear it from you.
